Anyone got any helpful tips for organizing logistics for 6Jan? Places to stay, even places one can set up a tent? Is there anyone thinking about organizing car pooling or other forms of group travel for those who can't afford to fly or don't have a car that will make it there? Maybe form together in groups by State or something? Parking situation?

ANTIFA will be out.

Stay somewhere safe, or prepare to defend yourself.

So where in DC can one stay? The last time I was in DC was when I was 12. I know other pedes here have been to other rallies or the last inauguration and know more about the nuts and bolts of going to and staying in the DC area for a few days. Help some amateurs out?
